COMPLETE HIGH DEFINITION AUDIO

Fully HD inbound and outbound channels

Inbound Noise Cancellation

The Future of Sound

The clearest end to end sound
for accurate orders every time.
Sound never degrades

17x Echo Cancellation

Total focus on the customer

Block Out Audio Distractions

Equalize sound and expand noise reduction
as far as you need to block out the bustle
of lunch rush and noisy engines

Instant Echo Cancellation

Usually you have to go through multiple
steps to reduce digital noise.
Not with APEX. Echo cancellation is as
easy as a press of a button
